Estes desenhos são parte dos que me ^[deu] o Dr. Aldeferes,
2º Tenente. M. J. de Aldeferes, filho do Dr.
Ambrósio de Aldeferes, q. estava em Pernambuco q. d. se tornou
os papéis da casa de Montenegro, q. estava encarregado
de desenhos as plantas do de Pernambuco, filho
pelo Dr. J. de Pernambuco ou da Provincia pert.
Alagoas Lacerda

Nota de punho do botânico Freire Alemão, que
esclarece a origem do álbum de desenhos atri-
buídos a Arruda Câmara. Assim, antes de entrar
na BN, o álbum pertenceu a Freire Alemão.
Aliás, ele já o declarara em nota à publica-
ção de um desenho de Arruda Câmara.

1. *Abella Cytha* par. n. sur laves de la rive de l'Amazon, sous les palmiers, à une lieue de l'embouchure de la rivière.
2. *Abella Manoel de Almeida*, amant de l'agriculture.
3. *Sonhoion*: cette abella se trouve de la rive de l'Amazon, à une lieue de l'embouchure de la rivière, à une lieue de l'embouchure de la rivière, à une lieue de l'embouchure de la rivière.
4. *Urbida*
5. *Arapua*
6. *Uruia*
7. *Uruia*: cette abella se trouve de la rive de l'Amazon, à une lieue de l'embouchure de la rivière, à une lieue de l'embouchure de la rivière, à une lieue de l'embouchure de la rivière.

Si toutes sont nées, sa forme en est comme celle de la *Urbida*, elle fait son nid comme les autres dans les arbres, mais dans les murs d'un bâtiment.
